

PERSONAL STATEMENT.

My name is Uchenna Chinwendu Dike, I am a Nigerian and I reside in Lagos Nigeria.

My educational qualifications include a B.Sc. in Political Science and a Master's degree in Public Administration from the University of Lagos, Nigeria. Due to my love for knowledge, I have attended quite a few professional courses, seminars, conferences and webinars in human resource management and other areas since leaving school in 1999.

I have also gained a lot of experience working as a human resource and administrative personnel in various sectors of the economy. Currently I work in the legal sector and that has triggered my interest in obtaining a degree in Law.

I am interested in pursuing this dream of obtaining a law degree even at my age in the university of Memphis and hopefully I will be able to meet all the requirements for me to be admitted into the undergraduate school.
