Summary

Am a young Nigerian based "Tech enthusiast", this is the fourth year since i started programming. i started learning it during the pandemic season from my "Mentor", A man named Mr shola {a.k.a}thesolamipe on instagram the best person to teach you Tech as a start up.

Besides growing up i always had a thing for tech but my vision was limited. HTML gave me an Headstart to learn web Development most especially Frontend Development.

PROFESSIONAL EXPERIENCE

Frontend development/UI/UX designer and a computer engineer at Sigmasoft limited

Here's a brief overview of the roles and achievements associated with a Frontend Developer, a UI/UX Designer, and a Computer Engineer:

*Frontend Developer
